## Cultivate Your Summer Fallow

—WITH A—

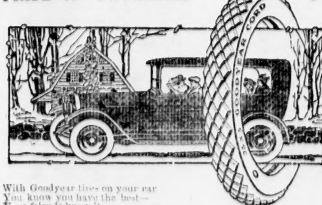

MASSEY - HARRIS SPRING TROTH CULTIVATOR

DO NOT USE A DISC HARROW on your Summer Fallow. It chews the land, allows moisture to escape and does not destroy weeds, but merely covers them up. Use a Massey Harris Spring Troth Cultivator. It cultivates the surface to the desired depth, conserves moisture by mulching the surface, and kills weeds by tearing them out by the roots. Our Cultivator is equipped with power lift, fine carriage, steel reversible points and 7-lb. duck foot shovels. Three sizes 8, 10 and 12 feet.

## Crop Damage in Manitoba Runs Into Millions

Winnipeg, Man., June 28.—Week-end reports about the terrific storm which swept across the mid-west section of the province added one more name to the death list, indicated that the crop damage will run into millions of dollars and showed that in other ways farmers have been hit badly, horses being blown down and cattle, horses and poultry killed.

The fourth victim is Mrs. George Vipond, 45, of Blackdale, who was killed when her house was wrecked. Mr. Vipond and their daughter, Marie, were seriously injured, and were unconscious when removed from the wreckage.

Information from the General Hospital last night was to the effect that the condition of Mrs. Pauline Korte, of Lydiate, whose life was almost despaired of Saturday, was still critical, but that there was a slight improvement in the condition of her son, Herbert.

Others at the hospital who were injured were reported recovering. All districts in the path of the storm suffered more or less severely. It is estimated that more than 100,000 acres of crops were destroyed.

A full grain crop within a radius of eight miles were destroyed. In the vicinity of Ponoka, the loss was estimated at \$1,000,000. The loss was estimated at \$1,000,000. The loss was estimated at \$1,000,000.

Thousands of barns were completely wrecked, and a one valuable cattle and horses were killed. At Fort Assiniboine, more than 20 barns were destroyed.

The tremendous force of the storm was illustrated at Hazlewood, where the Saginaw River was blown down and a large mill dome carried more than a mile away.

The loss was estimated at \$1,000,000. The loss was estimated at \$1,000,000. The loss was estimated at \$1,000,000.

Portage was hit by the full force of the blast, which is said to have been of the hurricane variety, rather than a cyclone or a tornado, and public buildings and residences suffered severely.

The Methodist, Anglican and Presbyterian churches were blown down and badly damaged. The city's hotels and garages fared badly, and in the collapse of a residence, an infant girl was crushed to death.

The breaking of high-lifted wires started a fire which destroyed three grain elevators, those of the McCall, Forsythe, and Premium companies.

The damage in Portage will reach the million mark, and the entire district has been very hard hit.

LLOYD GEORGE PAYS TRIBUTE TO SLAIN GERMAN MINISTER

London, June 28.—At an address at the Welsh chapel yesterday, Premier Lloyd George said Dr. Walter Rathenau was one of the most able ministers in Europe. He was doing his best to restore good relations between his country and the other nations of Germany.

"He was doing his best," said the premier, "and that is why he was murdered. I can only express the deepest horror at the outrage, and I trust Germany will contribute to the wrongs these people have inflicted upon their country by the brutally outrage upon one of the most distinguished citizens."

CYCLONE HITS MOOSE JAW  
Moose Jaw, June 28.—Honors in the South Hill district were removed, trees blown down and power lines of Moose Jaw electric railway were destroyed, interrupting street railway service for an hour by a cyclone which swept over the city last evening about 8 o'clock. Reports from South Hill last night stated that no one had been seriously injured.

## The Late Griffith Latimer James

### A Popular Townsman Called By Death

It is our painful duty to record the demise of one of Ponoka's leading merchants, in the person of Griffith L. James, which took place at his residence, with starting suddenness on Thursday morning, June 22nd.

For some time past he had been feeling somewhat out of sorts, and was contemplating on taking a holiday. His head had been giving him trouble, and it was thought a change would be beneficial. Monday morning, while preparing to go to the store, he had a fainting spell, and on medical aid being called, it was found that he was suffering from paralysis of the brain.

A consultation was held, and for a time he appeared to be doing well, but a change for the worse took place Wednesday afternoon, and he passed away during the night.

Griffith Latimer James was born at Red Oak, Iowa, U.S.A., on Sept. 2nd, 1853. Upon completing a child's parents moved to Waukegan, Nebraska, and later, in 1902, the family came to Ponoka, in which district they have since resided.

On the 11th of June, 1911, Mr. James was married to Miss Amanda Matilda Gillies. In recent years he has been engaged in the furniture business in Ponoka. He leaves to mourn his loss his wife and five children, his father and mother and five brothers. The sympathy of the entire community goes out to the sorrowing family in their affliction.

Deceased was known as an enterprising business man, a loyal friend and faithful husband and father. His death has cast a gloom over our community.

The funeral took place from the Union church on Friday, and was one of the largest ever seen in town. Rev. C. Bishop, E. G. Kerner and T. E. Jeffers, of Calgary, as old friends of the family, officiated. The remains were laid to rest in a modest, new monument, a sorrow, in Forest Home Cemetery.

## Women's Institutes.

Successful Calgary Convention  
The convention of women's institutes, held at Calgary, was the most successful in the history of the organization. Over 300 delegates were in attendance. One of the chief speakers was Mrs. G. H. Hoadley, Minister of Agriculture, who explained the new status of the Women's Institutes under the amendments passed last session, and who declared the intention of his department to continue to aid the institutes in extending their efforts. The government in the new amendment, had made no provision for all women's societies to have an opportunity of having extension work. The department, while it no longer would pay the expenses of all delegates of the institutes to the annual convocation and this year paid the expenses of the advisory board and provincial convocations of committees. Mr. Hoadley said the department would be equipped, whenever changes in legislation affecting the institutes were in contemplation. Mrs. MacMillan, director of extension work, declared her desire to assist in furthering the work of the institutes, and in answering their needs, as well as other women's societies in doing valuable community work. She said that her desire was to extend the office of the extension service as an information bureau for all women's societies, especially those in rural districts. A very interesting program of addresses was delivered during the convention.

Gen. Bruce was most reluctant to abandon further attempts, but the conditions in which the last climbing parties returned, the advice of his medical officers and the certainty of some weather conditions daily, forced him to a decision, said the writer.

Maj. H. T. Mordhead was the worst sufferer from frost bite. G. L. Mallory and another member of the party also were badly bitten and several others less severely.

The correspondent quotes one of the greatest authorities on the Himalayas as saying that Bruce's "effort" failed, but he proved conclusively that the summit is attainable. The authorities here in India is that if an expedition started earlier in the season, it might be barely possible to reach within a thousand feet of the top, and that the last lap could only be covered by almost superhuman effort, under certainty that they would never return.

## Manitoba Election Announced For July 18

Winnipeg, June 28.—The legislature of Manitoba has been dissolved and the elections will be held on Tuesday, July 18, in all constituencies except The Pas. A cabinet council was held on Saturday night, at which the decision was made and the necessary orders in council signed.

Nominations will be held on July 2, the interval between nomination and polling having been extended to 19 days by a bill passed at the last session of the legislature.

Ever since proclamation, the various political organizations have been preparing for the contest and by now practically all the nominating conventions have been held. The last of any importance will be held on Monday, July 17, at St. Thomas, minister of education, is expected to receive the Liberal endorsement in his home constituency of Deloraine. Dr. Thornton is taking a rest in the Rockies after a severe operation.

## THE MASONIC PICNIC

As already announced, a Masonic picnic will take place on Tuesday, July 6th. All those who intend being present please meet at the lodge room at one o'clock. Kindly bring your lunch, also cup and saucer, ice cream and drink will be supplied. It would make it easier for the committees in charge of those who have no cars would please leave their names with W.

However, as that arrangements can be made in time. It was decided to go to Battle Lake, but this may be changed to the school section, six miles south of town.

It is hoped that every Mason, his wife and family, residing in the district will endeavor to be present. Also, an invitation is extended to members of the Exalted Order.

## Fails to Climb Mount Everest

London, June 28.—Mount Everest has again failed at the best efforts of man. The Calcutta correspondent of the Daily Telegraph today confirms previous reports that Brig. Gen. G. G. Bruce, head of the present expedition, has been forced to the conclusion that persistence in the effort to scale the peak would only result in useless tragedy.

Gen. Bruce was most reluctant to abandon further attempts, but the conditions in which the last climbing parties returned, the advice of his medical officers and the certainty of some weather conditions daily, forced him to a decision, said the writer.

Maj. H. T. Mordhead was the worst sufferer from frost bite. G. L. Mallory and another member of the party also were badly bitten and several others less severely.

The correspondent quotes one of the greatest authorities on the Himalayas as saying that Bruce's "effort" failed, but he proved conclusively that the summit is attainable. The authorities here in India is that if an expedition started earlier in the season, it might be barely possible to reach within a thousand feet of the top, and that the last lap could only be covered by almost superhuman effort, under certainty that they would never return.

## What Makes Roden's Glass So Heavy?

BEAUTIFUL, sparkling like a diamond, cut glass is always a joy.

But why is it so heavy?  
The lead for cut glass (and for other fine glass, such as that for optical use, electric light bulbs, etc.) is first changed into lead oxide by burning it in a furnace. This oxide is known as red-lead. It is a reddish powder.

This powder, mixed with silica (fine white sand) and potash, becomes clear glass when melted in a furnace. As a lower temperature, the molten glass is blown into various shapes.

LISTING  
OF  
TOWN AND  
COUNTRY

## Local News.

Saturday, July 1st (Dominion Day) will be observed as a holiday, and all stores and places of business will be closed. Stores will remain open Friday evening.

J. J. Few has moved into the Clarke residence on Donald Avenue.

William McWade left on Monday to visit with relatives in Oregon. Miss W. W. Bush left for her home in Iowa on Saturday.

Mrs. Rossyink is visiting with her sister, Mrs. Ray Palmer, of Antares.

Miss Ruth Platt, of Clive, is visiting with her friend, Miss Ida Rossyink.

Miss Sara Grey, of South Edmonton, was a weekend visitor with Mrs. T. J. West.

Mr. and Mrs. Samuel McKee, of St. Boniface, have been spending a few days in town the past week, guests of Mr. and Mrs. G. L. Laycock.

Fred Werner and family left Monday on an automobile trip through the States.

George and John Laycock are erecting a residence on their farm, south of town.

Mr. and Mrs. Sidney Ehl arrived home on Tuesday, and have taken up residence in their new home in the west end of town.

Miss Florence Spackman, who is taking the teachers' trip in connection with the Hands Across the Sea movement, leaves on Thursday for the first stage of the journey to England.—Edmonton Bulletin.

Among the out of town parties who attended G. L. James' funeral were Rev. T. E. Jeffreys and Dr. Wyman, of Calgary, and R. K. Allan, of South Edmonton.

The real western stampede, which takes place at Ferrybank on Tuesday, July 1st, will be an event of note, and well worth seeing.

Arrangements are well in hand for holding the Orange celebration in town on the 12th of July.

A meeting of the Ponoka Agricultural Society directors was held in the secretary's office on Saturday evening. After due consideration it was unanimously decided to go on with the fair, the dates being August 22-23.

Lovers of music will be pleased to learn that the Ponoka band is giving a concert in the Chautauque tent on Sunday afternoon at 2:30. There should be a large attendance, not only to hear good music, but also to encourage one of the best musical organizations in the province. Plenty room, so everybody should attend.

An enjoyable evening was spent last Friday at the home of Mrs. Henry, when a kitchen shower was given in honor of Miss Edith Montgomery, a bride-elect of next month, by a number of her Ponoka girl friends.

The Mesquite picnic on Thursday, July 6th.

Brooks picnic, on Thursday, July 6th.

The Chautauque is drawing good crowds, and the programmes offered are of a very high order.

DICKER. On Monday, June 30, to Mr. and Mrs. Fred Dickson, ten boys.

The Grand Meadows U.F.W.A. bazaar, held in the Reid Block on Saturday afternoon, was a very successful function. It was well patronized, and the drawings were considerable.

The party who took the large tent, located on the east side of the river from town, would do well to return it to A. Reid and so save trouble.

Miss L. Boddy has resigned her position in the post-office on account of indifferent health, and is spending a vacation with her mother, near Clive. Miss Boddy's many friends will wish her a speedy recovery. Her place in the office has been taken by C. W. Healing, of Morrisburg, a returned soldier.

L.O.B.A. Memorial Lodge No. 306, held a very enthusiastic meeting on the 21st. W.M. Sister Scott presiding. After routine business and degree work was practiced, and after the closing exercises a dainty lunch was served. Sister Smith presided, while Sister Goodman poured the tea and Sister Sayers cut the loaf. The W.M. of the Alexandria District Orange Lodge was the guest of honor.

This district has been blessed with several nice showers during the week, and all vegetation has been benefited thereby. Crops are coming along nicely, better even than could be expected, but nevertheless rain is badly needed. The hay crop is very poor, and so is all garden truck. Give us rain, not a shower or two, but a real old time three days' splash.

On the occasion of his leaving the hospital to commence business on his own account, R. P. Gibb, who has been on the hospital staff for the past 18 months, was made the recipient of a wallet containing treasury notes, as a mark of the esteem and respect in which he is held amongst the staff. L. B. Browne, butler and manager, in a few very fitting remarks, handed over the gift, to which Mr. Gibb feelingly replied.

A parish picnic is being arranged for Thursday, July 12th, by members of the Women's Auxiliary and the Sunday school teachers. All Anglicans resident in the district are very cordially invited to attend and to bring their children. Lacuna Lake is the spot chosen for the picnic. Will those who can please remember to bring a lunch box with them, and to arrive as soon after one o'clock as possible. Games and sports will be arranged for the children.

A novel contest took place among the Hazel Hill school pupils recently. Teams were chosen, and it was a question of which side could bring forth the greatest number of gopher tails, the losing team to stand the treats. The hunt was keen in the extreme, with the result that a total of 746 gopher tails were counted at the close of the contest. This is certainly a commendable feat, and we commend the idea to other rural schools. And while we speak of the gopher nuisance and the great depredations they are doing, another matter comes up. Cannot something be done to exterminate the crows? They are doing a great deal of damage to chickens and ducks, besides grain, and are becoming extremely numerous.

## Wheat Board Bill Receives Third Reading In House of Commons

Ottawa.—The Wheat Board Bill received its third reading in the House of Commons this comparatively little discussed. The amendment submitted by Mr. J. M. Johnson, Minister of Finance, a few days ago, was accepted by the Government with a proviso.

The Johnson amendment authorized the Wheat Board, by regulations approved by a provincial government to prohibit the export of wheat from that province. To this amendment, on the motion of Hon. J. A. Robb, Minister of Trade and Commerce, was added the provision that the regulations to prohibit export must also receive the approval of the Dominion Government. This, explained Mr. Robb, would reserve to the Federal Government the right to pass on the regulations.

The Johnson amendment as modified, passed, although there was some opposition. Andrew McMaster (Liberal, Bruce) opposed this legislation as "visionary."

Mr. Robb also moved that another clause should be inserted in the bill. It provided that sales of wheat to Canadian millers and other cereal manufacturers should be on the same basis as regards prices and terms of delivery as sales to foreign buyers.

either for immediate or future delivery, provided that such wheat should be milled or manufactured in Canada. Mr. Neishen asked if it was not a fact that this clause was completely inasmuch as it compelled the board to sell to millers. It was a compulsory clause affecting civil rights. The Minister of Justice should be asked to pass upon it before it was adopted.

At this point, Mr. McMaster moved that another clause provide that the board be given power to take steps for the fulfillment of bona fide contracts for the sale and purchase of wheat outstanding at the time the act comes into force.

Mr. Johnson said that this clause was acceptable to the Progressive. It included none of the objectionable features of the amendment moved by Mr. McMaster some days ago.

A. Miller (Progressive, Qu'Appelle) thought the amendment was dangerous.

Mr. Crerar said that presently the same difficulty arose with regard to the Wheat Board of 1919. At that time a clear distinction was made between bona fide contracts and those of a speculative character. The amendment was carried and the bill given a third reading.

## Few Have Incomes Of Million Dollars

Ottawa.—Only two persons in Canada had incomes of more than one million dollars during the fiscal year 1920-21. This information was given to H. E. Spencer (Progressive, Battle River) in the House of Commons. For the same year, 18 corporations paid taxes on incomes of more than \$100,000. The aggregate amount collected under the Income Tax Act was \$912,410,428.

## Problem of Returned Soldiers

Widening of Scope of Royal Commission Agreed Upon

Ottawa.—Problems of the returned soldier were discussed in the House recently. The discussion arose on a motion for concurrence in the report of the special committee on pensions and re-establishment, which was without division.

Herbert Marler of St. Lawrence, St. George (Montreal) Chairman of the committee, related at length his activities and his findings. He emphasized the great debt of Canada to the returned men but observed, too, that they were also citizens of Canada and on them devolved the duties of citizenship. And following Mr. Marler, Alfred Speckman, of Red Deer, Chairman of the Sub-Committee on Land Settlement, reviewed what was proposed in the way of assistance to the soldier's settlement on the land. The aim of the scheme was sound, he asserted. The difficulty lay in changed economic conditions.

Subsequently, criticism was made by T. Shaw (Progressive, Calgary West)—himself a war veteran—had an opportunity to extend the scope of the royal commission, proposed to investigate G.W.V.A. charges against the Dominion Board. Under Mr. Shaw's amendment, the commission would have power to make a complete survey of existing re-establishment work, and to investigate the question of exchange and control funds. Mr. Shaw regretted that the special committee had made no definite proposals in regard to unemployment. He criticized limitations placed on returned soldiers' pension.

From other members also came proposals that the scope of the royal commission should be extended. Mr. Marler eventually agreed to a widening of the scope of the royal commission, but declared that the provision to investigate "exchange" matters would entail a great deal of expense. He suggested that the clause be dropped. Mr. Shaw withdrew his amendment on this understanding.

## Questions Government On Empire Wireless

British M.P. Asks Relationship of Canada to Plan

London.—In the House of Commons, P. A. Hurd, Coalition Unionist, asked whether the conference with the Canadian Government regarding an empire wireless chain, which was announced more than a year ago as about to take place had yet been held. He asked what was Canada's relationship to British post office's wireless chain.

Mr. Hurd, H. P. Payne, Assistant Postmaster General, replied that informal conversations only have so far taken place, but he added, the Canadian Government would send two technical representatives to discuss the whole subject with the British government. After discussion it would be possible to describe the relationship of Canada towards an empire wireless chain.

## Receives Honorary Degree

Ottawa.—The honorary degree of doctor of laws has been conferred on Hon. W. P. A. Thompson, former Attorney-General of Saskatchewan and judge of the Court of Appeal of that province, by the University of Ottawa.

## WESTERN EDITORS

Reg. M. Oliver, Publisher of The Herald, Minnola, Man.

## Country Weekly Papers Exempt from Sales Tax

Ottawa.—The resolution to increase the sales tax by 10 per cent, was adopted in the House. To the list of articles exempted from the tax were added self-illustrated four and condensed, evaporated and powdered milk. It was also decided to exempt job printing offices doing a business of \$10,000 a year or less from the operation of the tax. The idea is to exempt small country weeklies.

## Holland Given Presidency

M. Paton Elected Head of Commission On Russian Affairs

The Hague.—Holland was assigned the presidency of the central commission of the conference on Russian affairs here when the selection of the heads of this commission and the three sub-commissions of the conference was made. Belgium was given the vice-presidency of the central body, while representatives of Great Britain, France and Italy respectively held the three sub-commissions. The list announced was:

M. Paton, Belgium, President Central Commission.  
M. Catter, Belgium, Vice-President.  
M. Alphard, France, Chairman of Sub-Commission on Debt.  
Baron Averazano, Italy, Chairman of Sub-Commission on Finance.  
Sir Philip Lloyd-Greame, Great Britain, Chairman of the Sub-Commission on Property.

Spoken for the nations forming the Little Entente let it be known that they were not entirely satisfied with the list of names, and having the four presidents form a steering committee for the conference. They voiced their apprehension that the list of names would not be able to dominate all the negotiations with Russia. If this proved to be the case, they favored increasing the membership of the steering committee so as to include others besides the heads of the commissions.

## Amend Income Tax

Exemption for Children is Increased to \$300

Ottawa.—In the House, Hon. W. S. Fielding, Minister of Finance, introduced a bill to amend the Income Tax Act, 1917, which was given first reading.

Fielding said the Government did not at this time propose to revise the Income Tax Act fully nor to make any extensive changes. In the bill, however, the exemption for dependent children would be increased from \$200 to \$300. There had also been difficulty in regard to the paying expenses of dependent children. An amendment to the act was proposed to remove these difficulties.

## Practice of Conferring Titles

Appointment of Committee to Consider Question in Britain

London.—Fifteen members of the House of Commons have agreed to support the submission of a motion for the appointment of a select committee to consider the system under which honours are conferred, the idea being to discover what changes, if any, are necessary to ensure that honours shall be given only as awards of public service.

Questioned in the House on this matter, Right Hon. Austen Chamberlain, Government leader, said the present practice was for recommendations to be sent direct to the Premier by the different governmental departments.

Joseph Devlin, M.P. for Falls, Belfast, asked: "Will Mr. Chamberlain support the submission of a motion for the appointment of a select committee to consider the system under which honours are conferred, the idea being to discover what changes, if any, are necessary to ensure that honours shall be given only as awards of public service?"

There was no answer to this question. However, it is understood that the Government would bring into effect only upon proclamation by the Governor-General.

## Trade Revival Only Remedy

British Government Cannot Advance Further Terms for Employment

London.—Premier Lloyd George received one of the largest deputations of the day at Downing Street, which was headed by the Lord Mayor of London. The Lord Mayor, who is a member of the House of Commons, who appeared on behalf of the Board of Guardians, which are in grave financial straits, owing to the heavy calls for unemployment relief. The Premier, however, expressed sympathy, but he could not ask the House of Commons to sanction an increase for the Board of Guardians for unemployment relief. He said that the only remedy he could see for the present unfortunate condition was a revival of trade.

## British Official to Aid in Trial

Newcastle, N.S.W.—The British official will aid in the prosecution of Colonel Marcus H. Thompson, and others indicted on a charge of conspiracy to ship arms to Ireland, Australia and New Zealand. The trial will be during the September term of the Federal Court.

## German Attack French Soldiers

Coblenz.—The United States and French military police are investigating an attack by German civilians on two French soldiers who were returning to their barracks near Bernsdorf. The soldiers were roughly handled, and later they were removed to a hospital.

## Violent Windstorm Causes Heavy Loss In Manitoba Sections

Portage la Prairie, Man.—With one instant crushed to death under the family roof and her mother severely injured, with many buildings wrecked and trees uprooted and littering the streets of the city, Portage la Prairie is counting the loss from the wind storm which swept through the Portage plain shortly after 2 o'clock yesterday morning, leaving devastation in its wake. It is certain so far that the loss will aggregate in the neighborhood of two million dollars in the city and surrounding district.

The greatest force of the tempest raged during the first 20 minutes. The succeeding two hours were less continued with the velocity of a gale, but did not augment the damage caused during the first few minutes.

During the storm, large hail stones were driven against the walls and roofs of buildings with the force of axes; windows were crashed in and the hand of destruction seemed suddenly to reach forth to the total damage approximately \$125,000. From buildings, blinding signs about like tin toys, snapping telephone poles and trees and playing havoc in every direction. The wind, trailing in eddies, could not be withstood wherever it exerted its full force.

The Portage grain elevator, a short distance north of the town, was either struck by lightning or blew up from internal conditions, and broke into flames. The fire, which, despite the rain, mounted high above the building, casting a lurid reflection on the million masses of clouds, was the most terrifying aspect of the indescribable chaos which was raging.

Shortly after the storm subsided, a second fire broke out in the Premier Grain Milling Company, one of the largest concerns in the city. It is estimated that a considerable mass of grain and wheat was destroyed in the building. The total damage approximately \$125,000.

## Restore Farm Grain Rates

Ottawa.—A settlement has been reached. It is understood, in the railway rate problem in which a long railway strike has been threatened.

It is stated on good authority that the basis of the settlement is the restoration of the rates to the level of the Crown's Net Pass agreement rates in grain.

This concession, it is understood, is accompanied by the other reductions in the rates on basic commodities which have already been announced.

## Mounted Police Leaving Brandon

Brandon, Man.—In spite of strenuous efforts to retain the mounted police of Royal Canadian Mounted Police, it now appears as if it will leave Brandon. The horses have been sent to Regina, and the men have left.

Representation was made to the Government that the city had as much right to retain the mounted police as the province. It was thought the Government would leave at least a portion of the force here.

Brandon, Man.—The Manitoba penitentiary will be closed on July 21, one month from today. It was indicated by Premier T. C. Norris, when speaking at a meeting here.

## Sir Henry Wilson Murdered On Doorstep Of His London House

London.—Field Marshal Sir Henry H. Wilson, one of England's most illustrious soldiers, who was chief of the British Staff during the last stages of the world war, was assassinated on the doorstep of his residence in Eaton Place by two young men who gave the names of James O'Brien and James Connolly.

The assassins had waited about an hour for his return from the annual luncheon at the Great Eastern Railway who fell in the war. When he alighted from his automobile, Field Marshal Wilson walked up the steps and the men fired several shots at him from close range, three of which took effect, one in the chest, one in the leg and the third in the wrist.

The Field Marshal died before he could be taken into the house. His horrified wife heard the shooting and rushed out to find her husband's body, dressed in full uniform, lying in a pool of blood.

This crime was immediately inevitably lined in the public mind with the political assassination of Lord Aldrich, the financial official who was killed in 1918, and Thomas H. Burke, the Under-Secretary, in Phoenix Park, Dublin, in 1922. The first impression was that a measure of revenge was being taken by the Irish Republican Army.

The assassins had waited about an hour for his return from the annual luncheon at the Great Eastern Railway who fell in the war. When he alighted from his automobile, Field Marshal Wilson walked up the steps and the men fired several shots at him from close range, three of which took effect, one in the chest, one in the leg and the third in the wrist.

The Field Marshal died before he could be taken into the house. His horrified wife heard the shooting and rushed out to find her husband's body, dressed in full uniform, lying in a pool of blood.

Accompanied by a rainfall of tropical violence, the storm struck Windy and blew with an extreme velocity of 81 miles an hour, to an alarming accompaniment of electrical discharges. The force of the wind shook the city to its foundations. Roofs were carried away from many houses, big and little alike, and the warehouses collapsed in a heap; hundreds of fine trees were uprooted or stripped of branches, which fell to clutter the roadway. Windows were driven in like paper; telegraph and telephone wires were broken down to an extent of danger which later in the morning cost the life of Gerald Rice, aged eight, who grasped a live wire and was instantly killed. In half an hour the storm had passed on.

Further east, damage of great severity was done at Laidlaw, where the home of Mrs. Pauline Kornieff was damaged. Mrs. Kornieff, five months, was killed, and Mrs. Kornieff and an older child were brought to several corners of injured. The Canadian Pacific Railway station was shifted from its foundations, a railway sleeping car was overturned and several corners of injured. Damage was done to farm buildings and crops.

## Irish Republicans Express Regret Over Results Of Elections

Dublin.—The results of the elections give a substantial majority to the pro-treaty element. The republicans are generally surprised and disappointed over the results but assert that these were due to the defective register, and they anticipate a successful fight on the new suffrage comprising adults of both sexes.

Labour's evident opposition to them would appear to give the republicans a chance, but they expect friction over the constitution between the Labour members and the treaty party.

A majority of the Anti Sinn Féin is not in doubt. If they agreed they could outnumber all the others, but the prospects of a republic are disappointing and the opinion of the Anti Sinn Féin seems to follow the essential division between those who support the treaty and those who oppose it. In both sides there is pessimism as to the possibility of forming a coalition.

Mr. De Valera said this afternoon that public service and practically disfranchise every honest republican.

# \$ in cash prizes

Many people have discovered that 2 in 1 Shoe Polishes are good for other things than for shining shoes. For example:—

- 2 in 1 BLACK—Good for polishing motor cars; refinishing suit cases, black gloves, rubbers, hats, etc.
- 2 in 1 WHITE—cake or liquid—Good for cleaning hats, stains in white skirts, white kid gloves, auto tires, etc.
- 2 in 1 TAN PASTE—Good for polishing furniture, hardwood floors, etc.

For the Best List of New Uses for 2 in 1, We are Awarding Cash Prizes as Follows:

1st award \$100.00—for the most acceptable list	20 Prizes of \$15.00—for the next twenty
2nd " 300.00—for next best list	50 " 5.00—for the next fifty
3rd " 200.00—for third best list	100 " 1.00—for the next fifty
10 Prizes of 15.00—for the next ten	100 " 1.00—for the next 100 lists

Try to find new uses for any of the 2 in 1 Shoe Polishes, either black, tan, oil-based, or brown paste, white cake or white liquid; black or tan combination.

Write on one side of paper only. List uses according to colors. Awards will be made according to decision of special committee, and payment made on or before October 1st, 1922. All lists submitted to become our property. Address:

Prize Editor  
F. F. DALLEY COMPANY OF CANADA LIMITED,  
HAMILTON, CANADA.

## WORLD HAPPENINGS BRIEFLY TOLD

Admiral Sir Lewis Beaumont, retired former first lord of the admiralty and high commissioner to Egypt, died June 19.

The first annual convention of the Amputation Association of Great War Veterans will be held in Vancouver, September 21, 22 and 23.

More than a million feet of standing timber, poles and posts valued at \$100,000 have been destroyed by bush fires on the Arrowhead branch of the Canadian Pacific Railway.

In order to avoid the perils of an anthrax, the United States Government has passed a bill prohibiting importation and interstate commerce in brushes made of horsehair.

The British Government has informed the Egyptian Government that the preferential treatment heretofore accorded Egyptian products, punishing their customs has been abolished in consequence of Egypt's new status.

Satisfied that their small schooner yacht Diablos, which brought them across the Atlantic to the British Isles last year, could take them back to New York, Mr. and Mrs. B. Kelly sailed recently on the homeward voyage.

Sixty thousand people passed the coffin of Lieutenant Bennett, the airman who was killed at the same time as Sir Ross Smith, who met an accidental death in England, as the body lay in state in Queen's Hall in the Parliament House, Melbourne.

Foot and mouth disease has again broken out among animals in England, this being the worst outbreak yet reported to the Board of Agriculture. The peak has occurred in the Derbyshire area, where over 100 animals have been certified affected by the disease.

The House of Commons unanimously approved of the treaties passed at the Washington Disarmament Conference. The importance of the treaties was voiced by leaders of all the three parties in the House. They likewise expressed Canada's appreciation of President Harding in calling the conference.

Prof. C. A. Chant, Chief of the Astronomical Department of the University of Toronto, who is heading the University's research party which is to test out the Einstein's theory of relativity by means of observation from Australia on the total eclipse of the sun on September 21, has sailed for the Antipodes.

## More Peril on Ground

Statistics Show More Infantry Officers Killed Than Airmen

There was less danger of death in the late war to officers who fought in the air than to those who were killed on the earth. French statistics show that 29 per cent. of infantry officers were killed, while only 21 per cent. of aviation officers lost their lives.

The fatalities among officers in general as compared to enlisted men in all branches were nearly equal, being 19 per cent. for the former and 15.2 per cent. for the latter.

The percentage of losses by age show that the 25-year-old soldiers, both officers and men, suffered the most. Here the death list was 29.2 per cent. as against 19 per cent. for 30 years old and 16 per cent. for 35 years old and 6 per cent. of their number.

Yarmouth, N.S., March 24, 1921.

The secretary of the Yarmouth Athletic Association, who were the champions for 1920 of the South Shore League and Western Nova Scotia Baseball Association, states that during the summer the boys and MINARS' LIMENTMENT were very beneficial results, for sore muscles, bruises and sprains. It is considered by the doctors the best white liniment on the market. Every team should be supplied with this celebrated remedy.

(Signed) JOSEPH L. LEBLANC,  
Sec'y Y. A. A.,  
Champions N.S. South Shore League, 1920.

A full-sized model of Westminster Abbey was specially erected near Berlin recently for the purposes of a motion picture production.

Corn are caused by the pressure of light boots, but no one need be troubled with them long when to simple remedy as Holloway's Corn Remover is available.

Arabs Discovered Alcohol

Alcohol was first distilled by the Arabs, and when we talk about coffee and alcohol we are using Arab words.

The indications of when are restlessness, trifling of the teeth, picking of the nose, extreme peevishness, and nervousness. Under these conditions one of the best remedies that can be got is Miller's Worm Powder. They will attack the worms as soon as administered and they pass away in a few days. The little sufferer will be immediately eased and a return of the attack will not follow.

Haydn was one of the most eccentric of the great musicians. In the dead of night and in the seclusion of his own study, he invariably sat down to work in full court dress—sword, lace hat, silk stockings, etc.

Aged one hundred, an Austrian burglar was recently arrested in an unhabited house, where he had lived for a fortnight, drinking the wine in the cellar.

The combined cost of all these states will be about \$5,000,000. The main station will consist of a transmitter and receiver terminal 20 miles apart, the latter including 24 towers, each 800 feet high spread over a square mile.

The wireless rates will be one-third less than the present cable rates to Europe.

## Scientist Makes Discovery

Dr. Owens Says Dust Is From Other Worlds

The dust which is suspected to have come from other worlds has been discovered floating about near England. In his investigations, Dr. Owens, the adviser on atmospheric pollution to the Meteorological Office, has found some of this dust.

The microscope the particles look like round, transparent balls of solid matter. It is, of course, possible that they are from some active volcano, but if not volcanic, they must have descended upon the earth from outer space.

Microphotographs have been taken of this dust, as well as some dust which Dr. Owens believes travelled to this country from Germany. "This German dust," he said, "was blown over the North Sea, and was captured on the east coast."

## Australia Building Mammoth Radio Station

Will Be Able to Communicate With Great Britain Direct

The preliminary work of establishing the mammoth Australian radio station for direct communication with Great Britain has been begun.

## A NEW FAD.

The eternal feminine who is ever on the lookout for something new, something different, has started a new fad which promises to become very popular. This new fad is the "Portia" costume. Shown here is an illustration which will give you an idea of what this costume is like.

## SUNDAY SCHOOL LESSON

LESSON FOR JULY 2

EZEKIEL, THE WATCHMAN OF ISRAEL

1. Ezekiel's Call (v. 1, 2). Ezekiel was given a vision of the Almighty God on His throne of glory (v. 1). Before the vision he was prostrate upon his face. The essential equipment of a minister for the discharge of his task is a vision of the Almighty.

2. Filled With the Spirit (v. 2). By the Spirit the divine energy entered him and enabled him to execute the commission given to him.

3. The Moral Condition of the People (v. 3, 4). A rebellious nation v. 3. This rebelliousness perhaps referred to their heathen idolatry practices. 4) Impudent children v. 4. "Transgressors" literally "ward of face." It means the grossest perversity which caused them to stand aloof in the presence of the prophets of God without a sense of guilt or compunction of conscience.

2. The Charge (v. 4). He was to deliver the message of God. He was to declare, "Thus saith the Lord God."

3. The Difficulty of His Task (v. 5). He was to deliver the message of God whether they would hear or forbear.

III. Ezekiel's Experimental Qualities (v. 5:1-5:16).

Before one can preach to others he must have experience—must be in sympathetic accord with God and His message.

1. Eating the Bread (2:3-5:16). This book contained God's word upon the altar and the rebellious people (v. 3). In order to speak God's threat, Ezekiel had to eat the bread which was in his mouth as honey for sweetness. Though his ministry was difficult, the judgment of the Lord was in his mouth as honey for sweetness.

2. Urged on by the Spirit (2:14-15). In order to strengthen Ezekiel for his task, the wonderful symbolism of the Lord's word accompanied him in his new designation.

3. Entering into Sympathy (v. 15). In order to minister to a people one must enter into sympathy with them; must look that the message is from the depths of the heart; that to declare the message of God is a great thing. Ezekiel ministered with tears with theirs.

IV. Ezekiel's Grave Responsibility (v. 16-17).

God made him a watchman. Every minister is a watchman over his flock. Two things were required of him: 1. To warn the people of their sin.

2. To warn the people of their sin. The source of his message was God's Word. So today the minister is to get his message from the Word of God.

3. To warn the people of their sin. The source of his message was God's Word. So today the minister is to get his message from the Word of God.

4. To warn the people of their sin. The source of his message was God's Word. So today the minister is to get his message from the Word of God.

5. To warn the people of their sin. The source of his message was God's Word. So today the minister is to get his message from the Word of God.

6. To warn the people of their sin. The source of his message was God's Word. So today the minister is to get his message from the Word of God.

7. To warn the people of their sin. The source of his message was God's Word. So today the minister is to get his message from the Word of God.

8. To warn the people of their sin. The source of his message was God's Word. So today the minister is to get his message from the Word of God.

9. To warn the people of their sin. The source of his message was God's Word. So today the minister is to get his message from the Word of God.

10. To warn the people of their sin. The source of his message was God's Word. So today the minister is to get his message from the Word of God.

11. To warn the people of their sin. The source of his message was God's Word. So today the minister is to get his message from the Word of God.

12. To warn the people of their sin. The source of his message was God's Word. So today the minister is to get his message from the Word of God.

13. To warn the people of their sin. The source of his message was God's Word. So today the minister is to get his message from the Word of God.

14. To warn the people of their sin. The source of his message was God's Word. So today the minister is to get his message from the Word of God.

15. To warn the people of their sin. The source of his message was God's Word. So today the minister is to get his message from the Word of God.

16. To warn the people of their sin. The source of his message was God's Word. So today the minister is to get his message from the Word of God.

17. To warn the people of their sin. The source of his message was God's Word. So today the minister is to get his message from the Word of God.

18. To warn the people of their sin. The source of his message was God's Word. So today the minister is to get his message from the Word of God.

19. To warn the people of their sin. The source of his message was God's Word. So today the minister is to get his message from the Word of God.

20. To warn the people of their sin. The source of his message was God's Word. So today the minister is to get his message from the Word of God.

21. To warn the people of their sin. The source of his message was God's Word. So today the minister is to get his message from the Word of God.

22. To warn the people of their sin. The source of his message was God's Word. So today the minister is to get his message from the Word of God.

23. To warn the people of their sin. The source of his message was God's Word. So today the minister is to get his message from the Word of God.

24. To warn the people of their sin. The source of his message was God's Word. So today the minister is to get his message from the Word of God.

25. To warn the people of their sin. The source of his message was God's Word. So today the minister is to get his message from the Word of God.

**Genuine**  
**BAYER**  
**ASPIRIN**

**WARNING!** Say "Bayer" when you buy Aspirin. Unless you see the name "Bayer" on tablets, you are not getting Aspirin at all. Accept only an "unbroken package" of "Bayer Tablets of Aspirin," which contains directions and dose worked out by physicians during 22 years and proved safe by millions for

**Colds**

Handy "Bayer" boxes of 12 tablets—Also bottles of 24 and 100—Druggists. Aspirin is the trade mark registered in Canada by Bayer Manufacturers of Monmouth, New Jersey, U.S.A. Tablets marked with Aspirin logo will be stamped with their regular trade mark, the Bayer cross.

## Newspapers Help In Solving Problems

Minister of Interior Tells Association of Power of Press

At the convention of the Canadian Weekly Newspapers Association held in Ottawa recently, a number of interesting papers were read.

Hon. Chas. Stewart, Minister of the Interior, in an interesting address, said he wished to congratulate Mr. French on being president of such a fine body of people, who did so much to mould public opinion in the Dominion.

## FATAL ILLINOIS MINE RIOTS

Herbia, Ill., June 23.—The death toll in the disaster Wednesday night and yesterday, when 5000 a riking union miners attacked the Lester Strip mine, being operated under guard by Imperial militia, may run past the forty mark, it was stated by those in touch with the situation, although thus far only 27 positively are known to be dead.

Checking the dead list has proved almost impossible. The victims, all but three of them Imperial workers, so far as is known, were found scattered over an area within several miles of this mine. Some were lynched, some were burned when the mine was fired, others were beaten to death, and the majority fell before the scores of bullets poured into them.

Shortly Williamson county, a called because of several riots, last night was outwardly calm, but there was noticeable undercurrent which kept every body on edge and wondering if further trouble might be expected.

The scenes of death were very gruesome, as in real war. Bodies with limbs shot away lay along the roadside, or were strung from trees, men wounded and dying were stretched out on roads and in fields, with none of the hundreds of passers-by able to lend a helping hand. Attempts to assist the wounded in the early part of the day brought rebuffs from the spectators, located in some cases by drawn guns.

BROOKSONA AGAIN  
WINS FROM PONOKA

At the local diamond on Wednesday last Brooksona and Ponoka were the contestants in a fairly tight game, with Brooksona again proving their superiority over the hosts, when they took the long end of a 10-0 score. The Ponoka men, however, were not without their share of success, having scored seven errors which were costly. Thirteen strokes were to his credit. The Brooksona crew gathered every jump while the first errors were chalked against them. Eleven strokes were credited to the visitors' pitchers.

Hatteries—Ponoka, Russell and Stockard, Brooksona, McKinnon, Martin and Hamby.

## TENNIS AT HOSPITAL

The final of a mixed doubles was played off on the Hospital Courts on Monday, June 20th. The finalists were Miss Fraser and Richardson against Mrs. Crowley and McWilliams. The first set fell to the latter pair 6-2, the second set to Miss Fraser and her partner 6-4 and the winning set to Mrs. Crowley 6-4 after a very hard struggle, in which some fine tennis was played by both pairs.

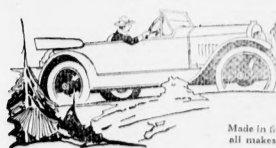

MAKE THIS  
TEST

Have your crank case properly cleaned and refilled with the right grade of Imperial Polarine Motor Oil.

Then—check up on the way your car performs. You will immediately notice that your engine has more power; that it climbs hills more easily; that it runs more smoothly and quietly and that operating troubles occur less frequently.

## IMPERIAL OIL LIMITED

Manufacturers and Marketers of Imperial Polarine Motor Oils and Marketers in Canada of Garages and Dealers.

Made in five grades for the proper lubrication of all makes of automobiles, trucks and tractors.

## THE SAFEGUARDS YOU REQUIRE

Home Investments, backed by undoubted security, are the best investments.

Many, in their desire to attain wealth, quickly lose what they save in questionable ventures.

PROVINCE OF ALBERTA DEMAND SAVINGS CERTIFICATES

PONOKA HAS EASY WIN  
OVER ELKHORN

Elkhorn, half team was represented on the local ball grounds on Friday evening when they looked up with the Ponoka outfit. In fact, to be content with the small end of the score, 15 to 1. Robert New on the black for the hosts, but was relieved by Dethlefsen in the seventh, both doing up new ball. Ponoka, on the mound for Elkhorn, but covered most of the game. Heavy early errors being made. Nine hits were allowed from the offense. Russell and V. Longman each having two buggers. The score by innings—

Elkhorn..... 00 11 20 3 11 10 0  
Ponoka..... 00 12 20 14 11 0 0

ELKHORN DEFEATS  
PONOKA IN ELEVEN  
-INNING BALL GAME

Elkhorn again visited Ponoka diamond on Tuesday night and after overcoming a 1-0 lead tied the score in the ninth inning, thus necessitating a full ten innings to go. For more features, when they moved out Ponoka—scored seven runs in the ninth and tenth. It was a good game for the hosts, but they were played out on edge with the exception of two of the hosts who were apparently carrying around a grudge. Forget your troubles here and go to the game. Many costly errors were made on both sides, while the fans on the other hand witnessed a few spears. A. C. Dwyer, featuring in the ninth. Shortly Longman featured at the bat, belting out a three-way shot.

Russell was the batter for the hosts and held his opponent scoreless and the fourth, when the visitors found this offering for them. Life continued with a touch of error and Russell and Elkhorn registered their hitting in the eighth and two more batters over the plate and in the ninth tied the score. In the next out they scored their last run and Elkhorn put the game away. The final score was 15 to 1. Ponoka was on the mound for the visitors but was
